

Turnkey PCB Assembly QUOTATION

9/13/2012

Lawrence Berkeley Lab
Judy Strikkinen

Quote #: 9412105 - 0

Please Reference this Quote# on PO

PCB Assembly Specs:
Solder Type: Lead
1 Side IPC CLASS: 2
1 Total Components 1 Line Items
0 TH, 0 FP Components
Smallest Package

RE: Printed Circuit Assembly

Part Number/ Revision	Quantity	Unit Price*	NRE	Delivery
UCPD Ladder Interface Board, Rev 0	40	\$40.95	\$	5 Days
	40	\$37.19	\$	10 Days

* PCB Cost Included: No

Special Notes: Unit price includes the cost of all components and installation per customer supplied files and data. Pricing reflects the following Exceptions to the BOM. Pricing may be revised if exceptions are not accepted:

Documentation and File Requirements: Delivery dates are contingent upon receiving all documentation files required for this build. We require the following files: BOM, Gerber Files, Assembly Drawings, Centroid Data (ie, X,Y values of the component placements) and any other manufacturing notes or requirements that will include special handling or tooling required for this build.

Shortages and Discrepancies: Delivery time starts after receipt of all shortages and questions pertaining to the assembly build are answered, in addition to the file requirements mentioned above.

- Quick turn quotes valid for 5 days, all others valid for 30 days and *contingent upon review of data*
- Delivery = weekdays in 24 hour increments, weekends not included, time starts after all parts and documents rec'd.
- COD on first time orders; net 30 days on approved credit. Freight FOB origin.
- **VISA / MASTERCARD / AMERICAN EXPRESS accepted. 5% processing fee will be added to all credit card orders.**
- Product will be taxed unless purchase order states specifically "FOR RESALE" and a signed resale card is on file.
- Buyer's exclusive remedy for nonconforming parts is repair or rework.
- **ALL QUOTES SUBJECT TO AVAILABILITY OF CAPACITY AT THE TIME THE ORDER IS PLACED**
